Re: New Bedford Harbor; Split Sampling

Dear Counsel:

Enclosed is a copy of a letter from Richard J. Pruell, of EPA's Narragansett Laboratory, transmitting split samples to Cambridge Analytical Associates.

Yours sincerely,

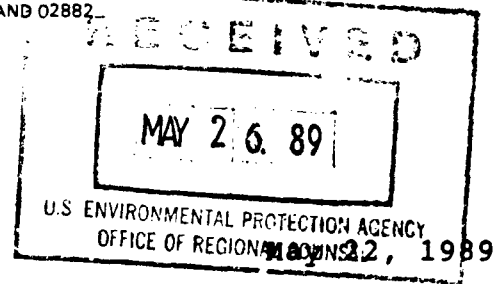

Charles C. Bering  
Assistant Regional Counsel

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
OFFICE OF RESEARCH AND DEVELOPMENT

ENVIRONMENTAL RESEARCH LABORATORY  
SOUTH FERRY ROAD  
NARRAGANSETT, RHODE ISLAND 02882

Mr. Scott R. Drew  
Cambridge Analytical Associates  
1106 Commonwealth Avenue  
Boston, MA 02215

Dear Mr. Drew:

Enclosed please find six 1-liter seawater samples from New Bedford Harbor. These are sample splits collected during the New Bedford Pilot Dredging Project. A letter to Mr. Charles Bering (Assistant Regional Counsel-EPA Region I) from Rizzo Associates, Inc. on behalf of the Joint Defense Group requested that we provide these samples to you for analysis. I have included a copy of that letter as well as Chain of Custody Forms for the samples. The December 11, 1988 samples were collected during dredging to the Confined Disposal Facility. The January 11, 1989 samples were taken during dredging to the Confined Aquatic Disposal Facility. Please call me at (401) 782-3091 if you have any questions.

Sincerely yours,

A handwritten signature in cursive script that reads "Richard J. Pruell".

Richard J. Pruell, Ph.D.  
Research Chemist
